

Second Try by Rep. Cain

FILES NEW BALLARDVALE STREET BILLS

Rep. Fred F. Cain of Wilmington has again filed, in the State Legislature, legislation designed to solve the problem of Ballardvale Street - a narrow road which is half in Wilmington and half in Andover for over a mile of its length, and is also in Middlesex County and Essex County for the same distance, as the two towns are in different counties.

Mr Cain filed a bill two years ago, asking that the state construct a road, an extension of Route 125 into Andover. That bill died in the legislature.

This year he has filed two bills, neither of which have yet been assigned a number.

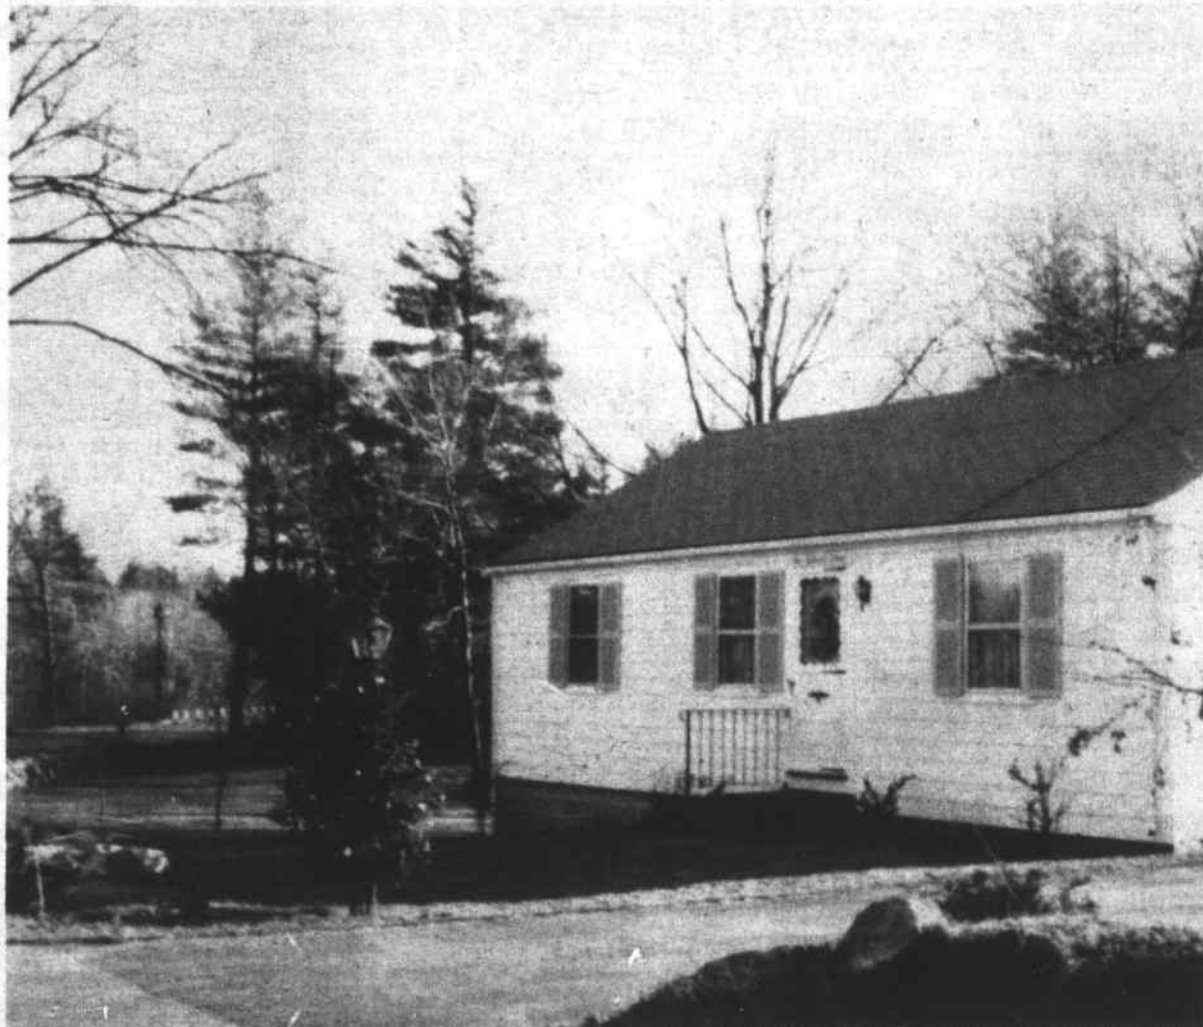

The first bill asks that the state

legislature vote to extend Route 125 from the present end of the improved Ballardvale Street to Lowell Junction Road, in Andover. The bill also asks that a bridge be constructed over the Boston and Maine Railroad, as a part of the new road construction.

The bill is very similar to that filed by Mr Cain two years ago.

A new bill, proposed this year as an alternative, asks that Ballardvale Road be continued through Andover and Tewksbury, to a point on Main Street (Route 38) in Tewksbury, south of the Shawshen River.

Two bridges have been asked for in the second bill, one over the Boston and Maine RR, and another over Interstate Route 93.

THE O'LEARY'S ARE DIFFERENT: This is the time of the year when people are prone to wrap a front-yard lamp post with holly. The O'Leary family, One Federal Street, have used a Christmas Tree instead, and it seems that the lamp is growing right of the tree.

HANUKAH PLAY JANUARY 3

A Hanukkah Play 'Festival on Trial' is to be presented at the Masonic Hall on January 3 at 8 pm by the ladies of the Shawshen Valley Chapter of Hadassah. The cast includes Mesdames Michael Berlow, Richard Britt, Robert Cobe, Ronald Krasovec, Morris Levy, Leon Resnick and Ronald Saloman.

Members will exchange Hanukkah gifts and traditional Hanukkah refreshments will be served. For transportation to the meeting call Mrs Michael Berlow, 272-2625.

BUT MUMMY: It's past bedtime! The annual Christmas Program of Wilmington High School, Monday night, was enjoyed by hundreds, but these three youngsters were Oh So Tired.

Mack (left) and Frank Downs, and Phyllis, in the next row, could hardly keep their eyes open, as they say with their parents, Mr and Mrs Francis E Downs. Older sister Glenna was playing with the High School Band, and older brother Bill played the part of Carl Valerius, in the show.

The picture was taken in nearly total darkness, by exposing the camera for a full second.

Memorial Gifts to Wilmington Hospital Building Fund

Contributions to the Wilmington Hospital Building Fund are like the New Year--looking both to the past and to the future! They express remembrance and love for those who are gone, and they spell hope and life for others in the future.

Hospital Building Fund Memorials are living monuments to loved relatives and friends, and any contribution, large or small, is a contribution toward better health and longer life for our families and our communities.

Among those honored recently by Hospital Building Fund Memorial Gifts are: Doris Dame, First Anniversary; Walter J Taylor; Carl R Kirkland; Stanley E Witham, Jr; Emma P Carney, mother

of Mrs RBE Moren; Alma Lundborg, mother of Mrs Hildur Draheim; Mary E Donovan, sister of Michael Barry; Elizabeth T Martell; Ernest DiGirolamo, Jr.; George Caron, father of Mrs Patricia MacNamara; Frederick Montgomery of Reading; Ivan W Townley on his Birthday.

Also grateful to Lloyd C Bender, who requested that any proceeds from his testimonial be sent to the Wilmington Hospital Fund.

Contributions to the Hospital Building may be sent to the Middlesex County National Bank, % Mr. Joseph Maffeo, or to Mrs Lillian Woodside, Wilmington Ctr Pharmacy, 432 Main St., Wilmington 01887.

The Christmas Story

Now it came to pass in those days, that a decree went forth from Caesar Augustus that a census of the whole world should be taken. This first census took place while Cyrenus was governor of Syria. And all were going, each to his own town, to register.

And Joseph also went from Galilee out of the town of Nazareth into Judea to the town of David, which is called Bethlehem, being of the family and House of David, to register together with Mary his espoused wife who was with child.

And it came to pass while they were there, that the days for her to be delivered were fulfilled. And she brought forth her first-born son, wrapped him in a manger because there was no room for them in the inn.

And there were shepherds in the same district living in the fields and keeping watch over their flock by night. And behold, an angel of the Lord stood by them and the glory of God shone about them and they feared exceedingly.

And the angel said to them, "Do not be afraid, for behold, I bring you good news of great joy which shall be to all the people, for today, in the town of David, a Savior has been born to you who is Christ the Lord. And this shall be a sign to you; you will find an infant wrapped in swaddling clothes and lying in a manger."

And suddenly there was with the angel a multitude of the heavenly host praising God and saying,

"Glory to God in the highest and on earth peace, good will toward men."—Luke.

FROM ALL OF US MERRY CHRISTMAS

Christmas Is Love

The day draws near when Christian's way will wend
Toward the bright star shining o'er Bethlehem,
The day, foretold by prophets God had chosen to send,
Is close at hand, to show the way of peace on earth to men;
Each year the hallowed thrill of Christmas Eve again will soar,
And some day may the words of "Peace, good will to men"
Be made reality upon the earth forevermore.

For nigh two thousand years
Each land, each race has given its best of mind
In music, art and treasured words of love,
Spreading o'er all the earth the Great Gift from above,
To celebrate the birthday of a Babe, —
The night on which His life on earth, — begun —
God's promise to mankind,
Mary's divine Son.

Nosey Nancy

Send your announcements to Nancy, Box 208, Wilmington, or call 657-7141, or after five, 658-4865. If I'm not there, I'll call you.

Hi there, Folks. Well Jolly Old St Nick is on his way, and you are all rushing down to the Plaza on Saturday nite this week to finish up your 'odds and ends' at Grant's. You'll see by the ad in this here Crier that they are going to be open on Saturday evening just to accomodate you. Kidded the boss down there a little bit about being a slave driver etc., and finally got him to acknowledge that he'd rather be home on Saturday evening too, but he maintains that you won't stay home, so drop in and wish him Merry Xmas anyway!

Nancy Sullivan called to tell this gal how wonderful the whole town had been in response to her plea on behalf of the Wrentham State School youngsters. That anonymous talented young lady who made the stuffed kangaroo still hasn't owned up to it! She wishes to thank you all wholeheartedly and you'll be hearing from her via this column after Christmas. Meanwhile, she wishes to thank the Knights of Columbus for their donation of a record player. The kids will enjoy that one!

The Kiwanis Club's visitors this week were Crom Schubarth from Reading and several members of the Burlington Club with president Tom Flanagan.

The members of the Wilmington Hospital Committee of the Wilmington Chamber of Commerce were also present. Among them, Mr and Mrs Melvin Woodside, Roger Beaupre, Dr Mobbs, Ray McNamara and Harold Mew.

Lil gave a complete run down on the progress of the Wilmington Reading Hospital.

Coming Events are Jan 12, the Club will sponsor '1000 Clowns' to be presented by the Quannapowitt Players. Tickets from Win Polsey Ushers will be in the charge of Homer Coursey.

Dec 21st Board Meeting at President Hayward's home. Dec 25th no meeting. Will meet with Reading on the 27th at our regular meeting place. January 1st. No meeting. Will meet with Stoneham the 4th at our regular meeting place. Jan 8th. Installation of 1968 Slate of Officers at our regular meeting place.

We have a new 'Rock and Roll' Group in town this gal found out from Lennie or was it Larry Zachinnini, the twins. They are called the 'Back Beats' and are available for parties, weddings, etc.

In the group, are Larry and Lennie Ricky Gooderow, Johnny Given, who sings, and Junior Sarzo. Their manager is Marvin Cutler of Marc Enterprises, for whom they just cut a 45 'That's the Way Life Is' and 'Sandy'. You can get information about them by writing to Mr Marvin Cutler of Marc Enterprises, Box 47, Tufts University Post Office, Medford, Mass 02153, or call Lennie at 658-4840. That's great, kids! Keep up the good work, and may the New Year bring you lots of success!

Thank you, Henry Jensen for the Christmas Card. Folks, stop in and see Henry's Card that I have posted on the Bulletin Board at the Depot. It has sketches of the Jensen Farm on Andover St and certainly is different! I'll cherish that one, Henry, for a long time, and I promise we'll meet soon!

A young lad dashed up to say to me, just as the 4:00 p.m. train was pulling into the Depot. 'You want to see me?' Huhh, I sort of muttered with confusion. 'Heard you want to see me,' he persisted. So, to my amazement, it was Gary Balser, fit and tanned, running to

TOWN CRIER

catch the train. It was great to see him home hale and hearty, and I understand that on the trip to town, he bought himself a color TV. He'll be stationed in St Albans, Vt., after a 30 day leave. It certainly is exciting and rewarding to see these kids arriving home hale and hearty!

Now for the boys that will be spending Christmas over there!

Tommy Wahl writes from the USS Sanctuary: 'Dear Nancy, I thought that I would take this opportunity to send you a thank you note for your Christmas Card. I appreciate it deeply. I would also like to take this opportunity to extend my appreciation to the Wilmington Jaycees for their Christmas package. I think that is wonderful of all of you people to take the time to think of myself and the other fellows from Wilmington doing their part in Viet Nam. For many, this would probably have been a very sad and desolate Christmas, but with the cards and packages coming from home, I'm sure that it will be merrier.

For myself and another Wilmington resident, who is stationed aboard ship with me, Christmas won't be as bad as it will for the poor guys tramping through the mud and brush with heavy packs on their backs. We are in out of the weather where it is air-conditioned, and where we can make more out of Christmas. We have decorated areas of the ship in preparation for a Christmas Party on Christmas Eve. Not only do we have to bring Christmas to ourselves, but to our patients as well. That is another reason we enjoy receiving cards and packages. We try to brighten up the Holiday Season for the poor guys who are lying on their backs recuperating from illnesses and wounds.

'It is really wonderful to know with the great feeling of apathy and discontent amongst Americans concerning the War here in Viet Nam, that I come from a section of the country where everyone is behind the war and behind the fighting man. No one wants to be over here away from their family, friends, and loved ones, but there is a job to be done to preserve Democracy and freedom. That is why I am sure that every one over here no matter what his job may be is glad that he is here doing his part.

'Again, I thank you very much from the bottom of my heart and Merry Christmas and Happy New Year to everyone. A devoted follower of Nosey Nancy and Sub scriber to the Town Crier. T.F. Wahl, HM3, USNR.'

Thanks, Tommy, for your kind words. We're trying. By the way, is there anything you need in way of books, games, or such on the Sanctuary. This gal and the gremlins might work on that after Christmas. Please let us know!

Now from Bill Iovanna here in the States: 'Dear Nosey Nancy, Received your greatly-appreciated Christmas Card. Now I send in return for your kindness a warm and cordial greeting expressing my fondest wish that you have a truly outstanding Christmas, and a safe and a fruitful New Year.

'Because of your extreme goodness, you have taken the time to step from amongst the crowd and willfully and copiously spread pieces of your thoughtful heart to the Service Personnel serving who-knows-where throughout the world.

'Further, what you and the 'Town Crier' are accomplishing by keeping in mind the Service Personnel from Wilmington who are not fortunate enough to spend Christmas with their familys shall not be easily remembered. Warm Sincerity, Bill Iovanna'

Bill, you warm a gal's heart with your kind words and phrases. I wish I had your ability to put the words together to make music the way you do. Seems that you should

have my job. Many thanks!

Paul MacMelville at Cannon AFB in New Mexico writes: 'Hi Nancy, I got your card the day before Thanksgiving and wanted to thank you for it.

'I got the Nov 30th issue of the Town Crier today, and was really interested in Jerry Rooney's last article on his trip. I read while I was stationed in Turkey that he had driven through the town of Adana, where I was stationed. I wish I had known ahead of time so I could have seen him come through. The idea of him riding a motor scooter all through the world is close to my own heart, as I love two-wheeled motor vehicles of any size. I rode a Lambretta Motor Scooter during

In Wilmington dial 658-4000

MRS PEARSON'S NAME WAS DRAWN: By Aubrey F. Logue, Assistant Treasure of the Commercial Bank & Trust Company, while Mr. Antonowitch (right) held the entries. The entries were made by people who had asked the North Wilmington Taxi for tickets, as a result of an advertisement in the Town Crier.

Mrs Frederick Pearson, of 80 High Street, is to have a Very Very Special Christmas.

She will be the Hostess for 10 members of the Golden Age Club, Saturday, starting at about 8 pm.

And Santa Claus is to make a Special Visit, just for her and her 10 guests.

The arrangements were made by Antony Antonowitch, of Burt

Road, owner and operator of the Anton's North Wilmington Cab. Mr. Antonowitch has a side-line, (of some years standing) of being Santa Claus, on occasion, at parties and occasions.

He is thrilled - and so is Mrs Pearson.

Imagine, he says, those people from the Golden Age Club, to give gifts to - what could be nicer?

More Nancy

my eighteen month stay in Turkey and I think I can say that my rides through the Turkish countryside were some of my best times. Well Nancy, I'd better end this as I have to get ready to go to work soon.

"Take care of yourself and give my greetings to all the people of

Wilmington. Also, give my congratulations to the High School football team for a great season. Sincerely Paul. P.S. By the way, my mother was back in Wilmington for the week before Thanksgiving and I guess she didn't let anyone know. She doesn't enjoy the Wilmington weather as much as the weather she gets on Kwazelain."

It appears that the gremlins are in the type again. Last week

in the engagement of Delores De Lisle, it should have been noted that her fiancé is George John Ganem Jr., the son of George J Ganem Sr. of Cranston, RI.

We hear that Pamela McInnes of No Wilmington and Carla J Jamison are both attending Bryant & Stratton School in Boston and studying to be executive secretaries. Recently they attended with their parents a guided tour of the new building, after which they were introduced to the faculty and enjoyed refreshments.

Got to see Gary Balsar wandering around the toy department at Grant's today, and found out that color TV wasn't for him at all, it was for his mother and father and their twenty-fifth wedding anniversary last Spring. I think Mr and Mrs Balsar deserve a lot of credit for having a son like Gary. He said the American Christmas scene and the decorations and toys was just like a movie. He told me that in Viet Nam, the kids turn inside out for just a stick of gum. You can imagine what they'd do in a toy department like Grant's!

Did you note that good old Uncle Avco has started a Roxbury Printing Project where they'll take the 'nation's hard-core unemployed; unable to get jobs because of color, lack of education, or factors such as prison records or drug addiction--and rehabilitate them!

There will be special training programs and the trainees will be paid a salary of \$80 per week and will be able to rise to \$155 a week or more. The pay is the same as that in other AVCO plants.

Training is being handled by Van Henderson, a young Negro employee and he has moved into Roxbury and is circulating getting to know people and organizations.

He has planned a series of open meetings for residents. The first was held the end of November.

Congratulations to Uncle Avco! With the Integrated Unity Trust Co being formed in that area, and the IRS working at integration also, it looks as though the Boston area is well on its way to constructively serving the Civil Rights Program! Let's have more of this!

Just a word to you all personally who have been so kind with your

words and cards to us this year.

Our card to you is published in this paper. May I explain. This year the Clan voted to use the 'card' money and part of their own Christmas money to help other people. So, it has gone, overseas to Globe Santa, to the Wrentham State School, to Hospitals, to Care, to Hope. We trust that you will understand and want you all to know that you are in our hearts.

A Happy Christmas to you and may your New Year be Peaceful and Prosperous, thanks to our Boys in the service both at home and overseas. And to you, May God Bless You All!

DAV News

The next meeting of the William F Tattersall Chapter #106 (Wilmington) DAV will be Wednesday, December 27, 1967, at 8:00 p.m. The meeting will be held at chapter headquarters, 60 Grove Ave., Wilmington. At the last meeting last Wednesday (12/13/67) plans were formulated to again have a group of patients from the V.A. Hospital in Bedford come to Wilmington for an evening social, as happened last month. Several of the patients have been asking when we are going to have them again, as they had a very good time. It was decided to wait until after the first of the year to set a definite date, although it will definitely be in late January or February.

The three Calling Days of Christmas

Bargain Long Distance Rates are in effect all the Christmas weekend.

Give your true love a call on the three days of Christmas. At the new rates you can afford it. And if you call before Christmas Day you'll avoid the possible delays of the telephoning rush.

So why not call early this year? It's just a helpful tip to go along with Christmas Greetings from all of us at New England Telephone — where we try to make your every "hello" . . . a real good buy.

These bargain evening, weekend, and holiday rates are in effect from 7 p.m. Friday, to 7 a.m. Tuesday. That means you can make a 3-minute, station-to-station interstate call anywhere in the continental U.S. (except Alaska) for \$1 or less, plus tax. After midnight you can make the same call for 75¢ or less, plus tax, if you dial direct.

FROM THE BOX SEAT

Nineteen point halves plagued the WHS basketballers in their initial two league tilts. Friday night the Wildcats took a 7 point halftime lead over Dracut and then watched it fade into deficit as they could manage only 10 and 9 points in the last two quarters respectively. Dracut prevailed 63 to 58.

On Tuesday the Wildcats entertained Andover and treated their guests to a generous serving of turnovers in the first half, while managing only 19 points themselves! The Cats bounced back in the second half, paced by soph Dan Ballou, who had had 23 in the opener, but the lead was just insurmountable and Andover coasted to a 69-51 win.

The hockey Wildcats used a pair of Pete Pellerin goals to edge Tewksbury High 3-2. Pellerin lit the light for first blood and the only score of the opening period. Tewksbury skated to two tallies in the middle stanza and hung on to the lead as the buzzer beat Jim Irwin's bid for the equalizer.

Jack Irwin avenged little brother by slipping one past the Redmen's netminder early in the final period. The winner was garnered minutes later by Pellerin as he banged in a rebound off a Jim Brewster shot. The assist gave Brewster three for the game.

Coach Palm's boys met Burlington at the Forum yesterday afternoon.

Unreserved

Proud of yourself Joe Frazier? Ohio State only averaged 81,400 for 5 home football games this year. The Sox now have eleven starting pitchers. They all outspokenly despise bullpen duty and, admittedly, must work every fourth day to be effective. Only Lomborg is proven, if one season is sufficient criterion for proof. The club doesn't hit for Stange. Bell is streaky. Culp and Ellsworth are coming off less than Cy Young Stephanson, Morehead, and Brandon are perennial hopefuls. Waz and Brett ooze promise but are green. Rohr's control is

inadequate. With luck this could develop into the best staff in baseball. Without luck, No-Blink Williams will be in trouble.

Will Mike Holovak use the proceeds of the fines to bid for those option - player - outer, Leroy Kelly, David Parks and George Mira?

The Bedell Insurers used one of their patented third period outbursts to turn a close contest into a rout with big George Hanna leading the way past the Chargers. Jim Murray's fifty-footer at the halftime buzzer got his Fitzgerald Oiler team so aroused that they too pulled a third quarter runaway and coasted home to their first win of the season with the winless Faculty the victims.

Coach Kelly has an indoor track squad assembled and working out doors for lack of facilities. Invigorating, eh what? Wear your skates to the slopes this weekend, conditions are icy and then some.

Northeastern U let Bill Quacken bush gather cobwebs serving as assistant to lifeless Jimmy Bell, then saw Quack come back to haunt them as Princeton's victorious mentor.

The Patriots will pick 6 ft 6 280 pound Russ Washington of Missouri first. By his dimensions you've probably discerned that he's not a quarterback. He's a tackle who can play either way and with the Pat's line problems he may just have to go both ways.

Wilmington's Methodist Cagers topped their Wakefield counterparts 47-39 in the Reading Intercity lid lifter.

Now that our bat man Yaz is consorting with THE Batman, Tony 'Boy Wonder' Conigliaro will really be jealous.

Congratulations to the new Boston College Coach, Bob Dee, and his assistants Jim Colclough, Jim Whalen, Art Graham, and Larry Eisenhauer. They're a bunch of winners who'll bring a winning attitude to the Heights.

George Gray serves on 'Ghost Ship'

Do you believe in ghosts? Well
 George is beginning to.

If you should walk aboard the
 USS Virgo, where George is
 serving, you might get a funny
 feeling that you are living in the
 past.

The Virgo, a former World War
 II Cargo Ship, is the real-life
 model of USS RE
 model of the USS Reluctant, the
 ship made famous in Thomas
 Heggens' novel 'Mr Roberts'.

Heggens served aboard the USS
 Virgo during World War II.

The novel, that was later made
 into an Academy Award-winning
 motion picture, painted a picture
 of life aboard a cargo ship which
 was commanded by an eccentric
 skipper who had an affinity for
 Palm Trees.

The present skipper, Captain
 William Carrier Jr. has said that
 many Navy men around the world
 still remember the ship as being
 the USS Reluctant.

He also has said that in many
 of the ports, when visitors learn
 of the legend, they present the
 ship with a new potted palm to
 grace bridge. With hilarity often
 the crew, identifying themselves
 with the characters in the movies
 will heave the tree overboard in
 the middle of the night.

If you have a good eye, you are
 able to see the steel plates, welded
 to the deck, which, according to
 the legend, held the famous potted
 palm after unhappy crew members
 tossed the original overboard from
 the USS Reluctant.

When the Virgo was reactivated
 from mothballs in 1966, she
 stopped in Pearl Harbor on
 the way to her homeport of Concord
 California, after nine-months de-
 ployment at WestPac. While she
 was tied up at Ford Island's Fox
 Piers at Pearl, she was presented
 with another palm.

Capt Carrier said that she had
 been given one in the Philippines.
 And chuckled the Captain, 'I went
 out on the bridge one day and it
 was gone.'

So, after hearing the tales, one
 wonders if George has encountered
 the spirit of 'Mr Roberts' yet.

SKETCH: Showing Wilmington, Andover and Tewksbury, from the present ending of the state-built part of Ballardvale Street.

Rep. Fred Cain's two bills would ask for a road to be constructed from Point 'A' on Ballardvale Street, through Wilmington & Andover and over the Boston & Maine RR, to Point 'B' on Lowell Junction Road

in Andover, or, as an alternative, from Point 'A' on Ballardvale Street through Wilmington, Andover and Tewksbury, crossing both the B&M RR and Interstate Route 93, to a point near 'C' in Tewksbury, south of the Shawshen River, and on Main Street (Route 38).

The old right-of-way of the Salem & Lowell Railroad is shown, as it might possibly be utilized to some degree in Rep. Cain's proposals.

Selectmen's Meeting

It was almost like old times, in the Town Hall, Monday night. Gravel - a hearing of sorts, and Attorney Dick Sheppard of Boston, well known expert in the art of forwarding the claims of gravel operators, appearing for John Magee, of Andover, and the Magee Construction Company.

Mr Magee, several weeks ago, took out building permits for two houses, at the northern end of Andover Street, on big lots. He plans to have the houses well back on the lots, which, by law, have to be at least 60,000 square feet anyway.

Depending on the point of view Mr Magee is either grading his lots of land, or he is removing gravel commercially. The Town's Building Inspector, Roy McClanahan, a week or so ago, issued a Cease and Desist order to Magee. Mr. Sheppard appeared to argue against the order.

Also present for the discussion was a near neighbor to the two house lots, Atty Joseph F. Courtney, former Town Manager of Wilmington. Mr. Courtney appeared as a resident of Andover Street.

The third of the legal lights was Wilmington's Town Counsel, Alan Altman.

Sheppard's arguments, as might be expected, was that Mr Magee was clearing the land for house-lots.

He pointed out that Mr Magee had building permits for two house lots, in a place where he was hoping to have permits for three. The town's by-law calls for right-angles, on property lines as they meet the streets, he said, and since this was true, the dwellings were being designed for a two hundred foot set-back. Thus, in order to be able to build, he first had to remove the earth products which were in the way.

Mr Magee added to this by telling the Selectmen that so far they had only got 125 feet back, inferring that there was still 75 feet to go.

Someone brought up the question of ledge, but Mr Magee countered that he hadn't found any yet.

And the Building Inspector's idea that they were moving more gravel than necessary - There was still 75 feet to go.

Attorney Sheppard maintained that their position was simple. They would like to meet the requests of the Selectmen, however they stood on their position that they were only removing necessary earth products, in order to get to the desired building sites, and that only.

Nonplussed, the Selectmen voted to take the case under advisement, and then went into an executive session with Town Counsel Altman.

After the session the board voted that the applications made by Mr Magee should be returned to him, and denied, on the basis that they do not comply with the gravel regulations of Wilmington. Further, the Selectmen said, the Magee Construction Company should desist operations until the regulations are complied with, and until proper exhibits have been presented, so that a decision can be made as to the granting of permits.

Courtney's part in the arguments were just those of any neighbor. He pointed out that the gravel trucks were endangering the lives of school children, in busses, and he was worried about those busses meeting a gravel truck, as they went around the curves of Andover Street.

Mr Magee was willing to take care of this problem, to the best of his ability. The times of operation, he said, was not before 7 am and not after 4 pm.

Other Business

Wilmington's new Fire Insurance Rating has not yet been established, after the survey of last summer and fall. A letter from the Fire Insurance Rating Association said that the Town would be informed as soon as the new rate was set.

A memorandum from the Town Counsel told the Selectmen that the paper work of transferring the ownership of old St. Thomas Church to the Town of Wilmington was almost complete.

Governor John Volpe replied to

a letter that had been sent to him by Wilmington's selectmen. The letter had sent that a new group of investors was interested in the Wilmington Site, for the new Stadium.

Volpe told the Selectmen that he had no knowledge of the new investors, but he appreciated the Board's comments and letter.

A letter from the County Commissioners stated that that board was acting, on Burlington Avenue's Chapter 90 Construction, on the authority of a letter from former Town Manager Richard Henneberger.

According to the Selectmen they had no knowledge of this, and they wondered if there were perhaps more letters of which they did not know, this seemingly being the second one. Chairman Micelligrinned and said 'Gee- All that guy must have done is to write letters all day!

A notice from Town Counsel said that there was a difference in the description of land given him by the Board of Selectmen and that which the town had voted, for sale to Rudy Carrasco, of Adams Street.

Selectman Paul Niles solved the problem, at least temporarily, by moving that the land being sold to Carrasco be in conformity with the description in the Town Meeting article of half a dozen years ago, and leave it to Carrasco to present a new article, in the annual Town Meeting.

License renewals were granted to Fred F Cain, Inc., North American Acceptance Corp., Gildart Chevrolet Inc., Wilmington Sales, Stop & Go Sandwich Shop, Alco Leasing, and George Wilson, the latter being an auctioneer's license.

The selectmen approved buying 300 yards of loam from John Lucchi, for use in the Cemetery. The loam is to come from his Lowell Street place, where a new building is under construction.

A letter was received from the Permanent Building Committee, referring to the Selectmen's desire that their meeting be other than on Monday evening. They said that their preference was Monday, but that the majority would defer to the wishes of the Board of Selectmen. The Selectmen invited the PBC in to a regular meeting on December 27th, to discuss the matter.

A note was received from the Mass Retired Association, saying that retirees could now be advanced their checks prior to the scheduled time of delivery, if there was a hardship involved.

The subject of Olson Road, between the Fire Station and the Post Office, was brought up by Charles Black. There was discussion, and some doubts expressed. Black said he intends to pursue the questions.

Francis K McKinnon appeared for the granting of a cab license from a Salem Street address, as Town Taxi Inc. with two cabs. The license was granted.

Anton's North Wilmington Taxi license, for two liveries, was also received, and granted.

New Business

The Selectmen voted to close the Warrant, for the Annual Town Meeting of 1968 on January 12th at 4:30 pm.

There was a discussion about abutters buying town tax title property, and it was decided to let the article stand unchanged, as sale of 'non-conforming' lots of land to abutters.

Raymond Fitzmaurice, former Town official, was present. He called the attention of the board to a crack in one of the spans of the Burlington Avenue Bridge, over the Boston & Maine RR.

The Selectmen told the TM to notify the Boston & Maine, and also the Superintendent of Schools, so that school busses could be re-routed.

The Board, before it adjourned took time to wish the people of Wilmington a Merry Christmas, and to this was added a Ho-Ho-Ho from Selectman George Boylen.

Merry Christmas

May your Christmas be filled with the
warmth of good cheer, good fellowship!

Planning Board

The Planning Board is not to meet for the next two weeks, it will be, like others, taking a well earned Christmas vacation.

The first meeting is to be on January 9th, but the office is to be open on January 6th for applications and appointments.

In the meeting of Tuesday last Chairman Danny Gillis had a list of work projects 'as long as his arm', for the members to complete during their vacation.

Secretary Emil Berger was the first on the list. Mr. Berger has a lot of 'home-work' to do on the Official Map, hoped to be presented to the voters in the annual Town Meeting next March. Berger also was assigned a lot of work to do on the Tax Title Lots, relative to a proposal to be made in the Town Meeting.

Town Engineer, on the two nights he would have been attending Planning Board meetings, will be working on Street Specifications (new) for sub-divisions.

Chairman Gillis assigned himself the duty of writing the annual report of the Planning Board, to be printed in the annual Town Report. After he has written it the report will be reviewed by Mrs. Madelyn McKie.

Mrs. McKie had several assignments. She has work to do on Frontage Requirements, for house lots, and whether or not there should be some changes in the by-law. She will report in time for an article in the annual town meeting, if it is needed.

Mrs. McKie was also given the job of preparing articles for the annual Town Meeting relative to the establishment of some parks and playgrounds, in certain parts of town.

Austin Rounds was given a new assignment - that of preparing some background materials on the practices of Flood Plain Management - that is the control of water (and land) near rivers and streams.

And William Stickney had his duties added to by Gillis. Stickney was appointed the 'lison man' to serve with the Wilmington Redevelopment Committee, now working on the Eames Street project. Mr. Stickney will be asked to familiarize himself with the work of that committee, preparatory to the first meeting of 1968.

Chairman Gillis expressed himself as worried about the progress of the Eames Street Redevelopment Project.

He noted that the committee had been in to discuss a 'preliminary plan' with the Planning Board, but had not been in since. Gillis was worried lest the project, the plan, the discussions on the proposed sewerage, and the discussions on traffic flow. He wanted, he said, to 'avoid strained relations later on'.

Occupancy Permits

Discussing the new homes being erected in Wilmington Gillis noted that there will have to be a lot of corrections to the 'Use Map', which shows the type of use of each part

of the town.

He wanted to make arrangements whereby the Town's Building Inspector would be preparing a check list, at some regular interval, with this idea in mind. The list, Gillis said, could be of the 'Occupancy Permits' given by the Building Inspector at the time a house is completed.

Town Engineer Arthur Harding suggested that this could be a four-times-a-year project. The work, he said, could possibly be done by one of the assistants in the Planning group headed by Professor Elliott of Harvard University.

Harding reported that on January first he intends to start work on the Assessors Maps, to bring them up to date, relative to new house lots which were created during the year 1967, and after that the same thing will be done to the maps of the Water Department, probably by an assistant to Harding.

Speaking of new house lots, Gillis reminded the board that a lot of work would have to be done in preparation for the proposed legislation in the State House, relative to fifty foot house lots - legislation proposed by himself and Selectman Miceli. The Planning Boards of the state, Gillis said, would have to be 'alerted' and prepared to take part in the project.

Mrs. McKie was given still one more task - that of checking the date for submission of suggestions for the State Zoning Enabling Act, which is due to be discussed in the new General Court, when it meets again in 1968.

Mrs. McKie made a report on the Solid Waste Disposal bill, submitted by the Metropolitan Area Planning Council, of which she is the Wilmington representative. She and three others had voted against the proposal which has been made to the General Court, she said, relative to the problems of waste disposal. She did not have time to elaborate on her report.

Barbo's

The Board signed a plan for two new industrial lots, each of about 4 to 6 acres, in the Wilmington Industrial Park, off Concord St. Construction is slated to begin in the immediate future on one of the lots, which can be said to 'face' on Concord Street.

The voted to release the Covenant for the construction of Fordham Road, the new 60 foot road that goes into the woods for nearly a mile. Town Engineer Arthur Harding reported officially that on 17 \$24,500 in work remains to be done, and a bond will be provided to guarantee the completion of the

construction, by the Maryland Casualty Co.

Also signed was a plan for Arthur Jensen, of Andover Street, dividing a lot of land into three lots. The lot is the site where the old Gowing Barn stood, pictured recently in the Town Crier after its destruction by arsonists.

Deaths

SUDDEN DEATH OF MRS MARIE BARNARD

Mrs Vernon T (Marie) Barnard of 37 North Street suffered from a sudden aneurism (distillation of an artery) in her brain Tuesday evening, while she was driving her daughter in law to her home in Reading, and drove off the side of Route 62, into the woods near Interstate Route 93. She was dead on arrival at the Winchester Hospital.

With her daughter in law, Judy Barnard of Reading, she had been attending the bingo party at the Grange Hall.

The car, a 1954 Ford, out-of-control, drove over the north embankment and into the woods, over heavy brush and obstructions, and finally came to rest, after 100 feet, against an oak tree. The younger Mrs Barnard was also taken to the Winchester Hospital, and treated there for minor injuries.

A wrecker crew, called from Cain's Garage, had to work for hours extracting the car from the place where it had stopped, against the oak tree.

A native of Brunswick Maine, 52 years old, she had lived in Wilmington for the past six years, moving her with her husband from Wakefield.

Beside her husband she is survived by two sons, Robert Barnard of Reading, and Arthur Barnard of Vermont, and a daughter, Mrs Sandra LaFave of Sudbury.

The funeral is to be from the

Do You Wish Christmas Meant More To You?

Do you find yourself tiring of the tinsel and gift-giving pressure of holiday time?

Christ Jesus gave a great gift when he said:

"A new commandment I give unto you . . . love one another." This love goes beyond loving only one's family and friends.

The Bible and Christian Science literature can help you discover this deeper sense of love.

You are welcome to hear the Christmas Lesson - Sermon entitled 'CHRIST JESUS' in all Christian Science churches this Sunday, December 24, 1967. Near you is the First Church of Christ, Scientist, corner of Lowell and Sanborn Streets, Reading, 11:00 A.M.

COOKING FACTS...by THOMPSON

LIKE THE EXTRA DASH OF SEASONING, SMALL TEMPERATURE ADJUSTMENTS MAKE A BIG DIFFERENCE

WHEN YOU USE GLASS DISHES FOR BAKING, RESULTS WILL BE BETTER IF THE RECOMMENDED OVEN TEMPERATURE IS ADJUSTED DOWN ABOUT 25 DEGREES F. THIS PREVENTS SIDES AND BOTTOM OF FOOD FROM OVER-BROWNING BEFORE THE TOP IS DONE.

SET YOUR BAKING OVEN AT A LOW TEMPERATURE (ABOUT 170 DEGREES F.) AND USE IT TO DEFROST FROZEN MEATS. THAWING TIME IS REDUCED TO A FRACTION OF THAT NORMALLY REQUIRED FOR THAWING AT ROOM TEMPERATURE

GAS OVENS NOW CAN BE EQUIPPED WITH LOW TEMPERATURE CONTROLS THAT HOLD FOODS AT SERVING TEMPERATURE WHILE PREVENTING OVERCOOKING. ROBERTSHAW CONTROLS COMPANY DEVELOPED THE LOW TEMPERATURE CONTROL. YOUR LOCAL GAS APPLIANCE DEALER CAN EXPLAIN ITS MANY ADVANTAGES.
